

KIT PART NUMBER 1579039

INSTRUCTIONS FOR SETTING UP A GUM AND MINT UNIT TO VEND THIN GUM PACKS

CHECK THE PARTS RECEIVED IN THE KIT WITH THE PARTS LIST IN THESE INSTRUCTIONS. IF ANY PARTS ARE MISSING, CONTACT THE NATIONAL VENDORS PARTS DEPARTMENT IMMEDIATELY.

Read these instructions carefully before installing the kit.
Keep these instructions for part numbers and for future reference.

This kit contains the following:

INDEX	PART NUMBER	DESCRIPTION	QUANTITY
1	1579036	PRODUCT STRIPPER	1
2	1579038	HINGE ASSEMBLY	1
3	1579037	GUM AND MINT EJECTOR	1
4	1579040	KIT INSTRUCTIONS	1

Retain the old parts for possible reuse. Proceed as follows:

See Figure 1:

1. Remove the existing hinge assembly. Keep the screw for use in the next step.
2. Install the product stripper (1) and the new hinge assembly (2). Be sure to push the hinge assembly snugly against the frame while tightening the screw.

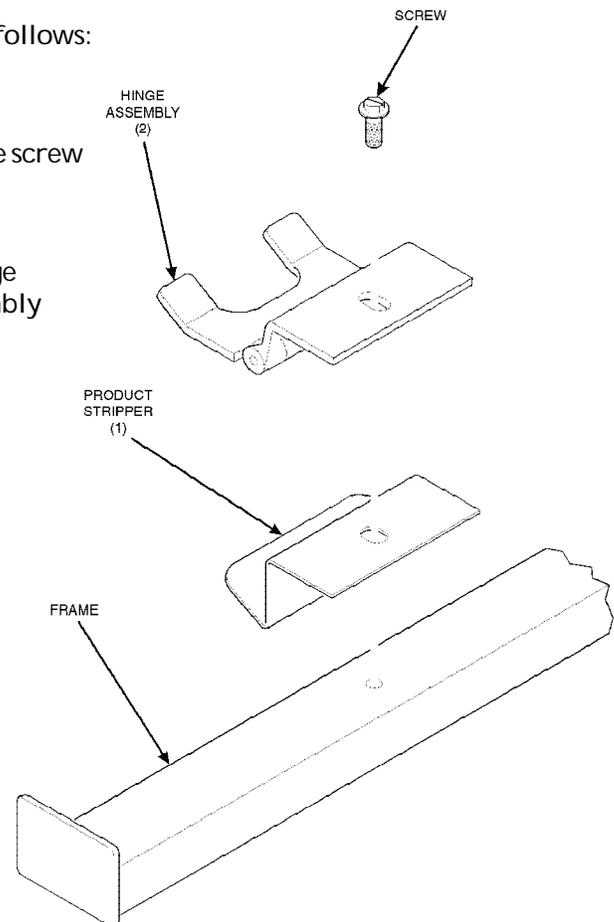

Figure 1

NOTE

If you are installing this kit on a Snack Center 2 or Refreshment Center 2 machine, it is best to remove the gum and mint unit at this point, because the gum and mint unit will not lift up far enough to give you proper access.

See Figure 2:

3. Lift the gum and mint unit up as far as it will go, and lean it back against the machine door.
4. Remove the ejector assembly from the drive bar and stud assembly by removing the retaining ring. Keep the retaining ring for later use.
5. Remove the shaft and linkage using a small phillips screwdriver. Keep the shaft and linkage for later use.
6. Reassemble the new gum and mint ejector assembly with the shaft and linkage you saved earlier.
7. Install the new gum and mint ejector assembly (3) and secure it with the retaining ring.
