AUTOMATIC PRODUCTS
International, Ltd.

A Higher Standard.

APi Brings You The Carousel Merchandiser Proven To Maximize Turns.

The Showcase® 748 fresh food merchandiser has long been the industry standard for superior refrigerated food vending. It offers a hard-working carousel design ideal for merchandising a variety of items such as entrees, salads, sandwiches, desserts, fruit and milk. As part of APi's industry-leading line-up of Premier™ Series merchandisers, the Showcase 748 is ready to put its proven performance to work for you.

A Higher Capacity For Profitability.

The Showcase 748 offers the capacity and selectivity needed to meet today's demanding location requirements. It features 11 trays and accommodates up to 154 items based on model configuration. Its ability to merchandise platters up to nine inches in diameter also makes the Showcase ideal for commissary cuisine and combo meals.

More Profit-Turning Features

- Bi-directional and complete turret rotation for quick and easy shopping.
- Programmable automatic turret rotation maximizes consumer interest.
- One price per tray for easy shopping and loading.
- High-efficiency, self-contained refrigeration system.
- Front refrigeration accessibility for convenient servicing.
- Electronic health control.
- Heated glass and blower prevent condensation, ensuring product visibility.
- Multi-point locking system for added security.
- 3/4 HP compressor.
- Programmable 20-character message display.
- MDB and Micromech peripheral capabilities.
- Accurate and convenient price setting via each tray's delivery door.
- Total cash accountability.
- DEX capable.
- Optional ECHO Voice Package for visually-impaired operators.
- Two-year parts warranty.

More Flexibility To Showcase Today's Best-Selling Items.

The Showcase 748 offers two vending modes for ultimate flexibility. Each tray can be set to either First In, First Out (FIFO) or Shopping Mode. Use FIFO to reduce spoilage and ensure proper product rotation — or offer customers complete freedom of selection with the Shopping Mode.

Customize Your Showcase To Meet Individual Location Needs.

Offer up to three different price schedules and three different price discounts by time and day. These operator-friendly features help maximize sales and satisfy locations. You can also prohibit vending by time and day (ideal for schools) ... or use a "sales by shift" mode to accommodate diverse work environments.

▲ Products stay highly visible in the Showcase, thanks to anti-fogging, dual-pane Lexan® delivery doors.

▼ The Showcase's convenient storage area holds extra inventory.

▲ The Showcase accommodates platters up to nine inches in diameter — perfect for commissary items and combo meals.
