Something for Everyone

# UltraFlex

One  
Cool  
Combo.

From refreshing beverages to fresh foods, snacks, candies, and pastries, UltraFlex™ leads the way in refrigerated flexibility.

Its cool customizations expand both small and large placement opportunities.

## COMPLETE SATISFACTION

UltraFlex handles multiple categories with smart precision, managing the work of three machines in one.

- Tailor variety by category for ideal planogram management
- Scale fresh food offerings by location size, reducing costly spoilage
- 2x20 display and text-based menu makes navigating electronics easy
- Universal parts to our snack range facilitate field conversions
- High-efficiency refrigeration and foam-injected design conserves energy
- Environmentally friendly LED lighting (and it's brighter!)
- Health control monitors refrigeration and ensures product safety
- Advanced electronics with superior diagnostics

## VARIETY, VELOCITY, AND VALUE

From dedicated fresh foods to a full-service solution, UltraFlex combines operational diversity with consumer variety.

- Fits bottles (up to 24 ounces!), milk chugs, cans, pouches, and more
- Perfect for nutrition-driven clientele such as schools, offices, and hospitals
- Flexi-Shelves have fully moveable dividers and motor coupling
- Great for servicing small accounts profitably
- Larger product viewing area commands attention
- First-in, first-out product rotation keeps foods fresh
- Available with 5, 6 or 7 shelves for maximum versatility

## THEIR CUSTOM "SEE" STORE

"Wow" accounts with a machine just for them. Whether augmenting offerings or providing a complete menu mix, your clients will appreciate the personal approach.

- Offers a C-store or quick-service menu conveniently in their facility (keeping employees productively on site)
- Attractive to clients where floor space is limited
- Serves a high volume in a short time – perfect for the lunch rush
- Guaranteed delivery heightens morale
- Save your clients money with significantly lower running costs
